Street Vacation Ordinance

APPROVAL DEADLINE**REASON****DETAILS**

Specific Location and/or Address Commercial Road from its western terminus to a point 450' east, & Interurban Dr. from its intersection with Commercial Rd to its northern terminus.

Reason for Project

Expansion of parking facility.

Discussion (Including relationship to other Council actions)**21 November 1994 - Public Hearing**

Steve Miller, Controller for Hydra-Tech, 3020 Commercial Rd. appeared before the Commission. Mr. Miller stated that they want to use the property petitioned for vacation for additional parking. He stated that they have no problem granting easements to the utility companies.

Dave Ross questioned if this portion of roadway was currently being used for vehicular traffic.

Mr. Miller stated that this right-of-way is currently unimproved.

Mel Smith questioned if they were willing to comply with all of the conditions as set forth in the staff recommendation.

Mr. Miller stated that the only condition that they would not like to comply with was the recommendation that they install a cul-de-sac at the end of the road. He stated that currently there is more than ample room for a vehicle to turn around.

DETAILS

Dave Ross questioned if there is no cul-de-sac provided, was there a possibility that the roadway could be vacated all the way to Magnetic Drive.

Mr. Miller stated that he thought that Magnetic Drive was already vacated.

Wayne O'Brien, Staff Planner, with C&ED, stated that Magnetic Drive did not show as vacated on the city's quarter sections.

Mr. Miller stated that he would agree that it could be vacated all the way to Magnetic Drive.

There was no one else who spoke in favor of or in opposition to the proposed vacation.

28 November 1994 - Business Meeting

Motion was made and seconded to return the ordinance to the Common Council with a DO PASS recommendation contingent upon the petitioner satisfying the following:

- 1) provide utility easements or relocations as needed;
- 2) provide an approved turn around or cul-de-sac as per the recommendation of Traffic Engineering and Street Engineering.

Of the nine (9) members present, eight (8) voted in favor of the motion, the Chair did not vote.

Motion carried.

Steve Miller petitioner for Hydra-Tech, Inc., requests the vacation of public right-of-ways.

Location: Commercial Road from its western terminus to a point 450 feet east, and Interurban Drive from its intersection with Commercial Road to its northern terminus.

Legal: See file

Land Area: Approximately 0.88 acres

Zoning: The area is zoned M-2.

Surroundings:

North	M-2	Industrial & Open
South	M-2	Industrial & Open
East	M-2	Industrial & Open
West	M-2	Industrial & Open

Reason for Request: Expansion of parking facility.

Comprehensive Plan: No comment.

Neighborhood Plan: No comment.

Planning Staff Discussion:

The petitioners state that they would like to use the ground for additional parking, and that they would have no objection to utility easements if needed.

Commercial Road is located west off of Bluffton Road approximately 1800 feet north of the Baer Field Thruway. Hydra-Tech and Foamex are the last two properties served by this portion of Commercial Road.

Interurban Drive is a dedicated right-of-way located at the western end of the Commercial Road right-of-way, extending north for approximately 200 feet. Both Interurban Drive and the petitioned portion of Commercial Road are "paper streets", meaning that they only exist as dedicated rights-of-way, they have not been improved, nor opened to the public.

It does not appear that this right-of-way is needed for future growth in the area. However, we are concerned with creating a dead-end street, as such creation may cause future traffic and emergency vehicle problems. Traffic Engineering and Street Engineering have indicated that they will not object to the vacation if the property owners agree to cul-de-sac Commercial Road. Additionally, Water Engineering has advised us that they may need an easement.

Planning staff would suggest approval of the request providing that the petitioners comply

with the engineering department requirements for a dedicated turn-around and for utility easements. The cul-de-sac or turn-around design should be submitted to Street Engineering and Traffic Engineering for approval and dedication. The petitioner will be held for up to six months in order to allow the petitioners to satisfy these requirements.

Recommendation: Conditional approval, contingent upon the petitioner satisfying the following:

- 1) provide for utility easements or relocations as needed;
- 2) provide an approved turn around or cul-de-sac as per the recommendation of Traffic Engineering and Street Engineering; and for the following reasons:
 - a) The right-of-way does not appear to be needed for access to other public or private places.
 - b) Vacation should not negatively impact property values in the area.
 - c) Approval will allow growth of area businesses.

RESOLUTION 81-225-11

MEMORANDUM

TO: City Council Members

FROM: Gary Stair, Director of Planning, Community and Economic Development
[Handwritten signature of Gary Stair]

DATE: January 30, 1995

SUBJECT: Recommendation from Plan Commission

The right-of-way vacation has been reviewed by the Fort Wayne Plan Commission and forwarded to you for final action. The Plan Commission's recommendation on this case, made after public hearing and review, has been certified by the Commission's Secretary and is summarized on the attached "Fact Sheet".

Occasionally, there will be a significant delay between the time the petition is filed and when the Plan Commission certifies its recommendation and forwards the case to you. This delay occurs when a petition receives "Conditional Approval" -- approval subject to the petitioner fulfilling certain obligations. In such cases the Plan Commission's staff holds the petition until all conditions have been met by the petitioner. Once all conditions have been satisfied, the case is forwarded to you.

As always, if you have any questions concerning the attached cases, please do not hesitate to call me or Pat Fahey of the Land Use Management staff at 427-1140.
